

**Last updated: Tuesday 3 May 2011 by James Broadfield, North Hampshire CAMRA with information and guidance gratefully received from Alex Presland, South Hampshire CAMRA.**

The table below shows the postcode districts or sectors currently 'owned' by North Hampshire CAMRA, so any new members within these postcodes will automatically be placed into North Hampshire CAMRA unless they specify an alternate branch.

Postcode don't follow county borders, so sometimes sectors may be split between two or three branches. The only way this can be managed by the central membership database at CAMRA HQ is by informing them when a member needs to be re-assigned to another branch.

Example: **RG7\_2** postcodes are 'owned' by North Hampshire, that includes the Hampshire villages of Silchester, West End Green, Stratfield Saye and Mortimer West End. However, **RG7\_2** is also the postcode sector for the Berkshire villages of Beech Hill, Mortimer and Stratfield Mortimer. New members will automatically be assigned to North Hampshire branch, then it's up to the branch to advise central membership to re-assign the member to the correct branch.

<b>Postcode District or Sector</b>	<b>Notes</b>
